

Rev. Chris, Jane, Kristi,

Thank you and congregation at Holy Innocents' Episcopal Church for your support of the Diocese of Atlanta's Episcopal Relief & Development Nets for Life campaign.

With your very generous gift of \$3,073 joined a greater whole:

- 94 other parishes and numerous schools in our diocese.
- 3,233 parishes in the Episcopal Church.

Holy Innocents' offering flowed together with other contributions in our diocese and denomination, which allowed Nets for Life to

- Attain 99% of their goal of raising \$5 million by 12/31/12.
- Distribute over 11 million mosquito nets—14,848 of those from our diocese,
- Reaching 27,252,027 people in 17 African countries.
- Train 81,205 community volunteers who distribute nets and educate people in their villages concerning malaria, net use and maintenance. Volunteers also monitor and evaluate net use.
- Reduce malaria mortality by 45% in communities in which Nets for Life distributed nets and provided education. Most helped are children under 5 years, the most susceptible to malaria.

The people at Holy Innocents' Episcopal Church made a positive difference in our world!

Debbie Betsill
